THE WEATHER.

The daily record of the thermometer in this city for yesterday was: 7 a. m. 45; 12 m. 60; 4 p. m. 62; 8 p. m. 51.

ABOUT THE CITY.

St. Mark's charch-Evening prayer at

Colfaz lodge No. 20, I. O. O. F., held an interesting regular meeting at its hall in the Standard building last evening.

The Standard Fire Brick company's works are still lying idle on account of the new machinery which was ordered some time ago but has not arrived yet.

A regular meeting of Washington camp, No. 2, P. O. S. of A., will be held at its hall in the Mattie block to-morrow evening at the usual hour. A good at-tendance is requested.

The sun thermometer varied but hittle yesterday and at 2 o'clock in the afternoon registered 72 degrees, a rise in the temperature of 2 de-grees from the corresponding hour on the preceding day.

Miss Allie Kempiand, who was taken suddenly ill at St. Paul while returning from the East, is still confined to her home. The attending physician says she is much improved and will be entirely well in a few days.

Leo La Salle, night clerk at the Montana, decided to go fishing yesterday, and grasping his \$45 rod started up the creek.

After patiently fishing for about two hours Mr. La Salle found that he had a grand total of nine trout, some of which were large ones.

Reserved seat tickets for the performance to be given at Evan's opera house on Friday night by Goodyear, Elitch & Schilling's minstrels are on sale at the Smith Drug company's store. A good house is anticipated and a good show expected.

J. R. Boarman, Otto Stalmann, T. D. Fitzgerald, W. M. Thornton and T. R. E. Berry returned from Helena yesterday after representing this city at the demo-eratic convention held there Monday. Some of the delegates remained over and expect to return to-day.

W. W. Turney, one of the proprietors of the Royal gold and silver mme, evi-dently has the greatest faith in the outcome of the mine, as he has purchased 10,000 shares of stock from one of his as-sociate partners, Willard Bennett. The consideration is said to have been \$8,000.

D. Cohen, sr., is adding many improvements to his property on Oak street which will greatly enhance its value and appearance. The latest addition is a handsome barn which will be completed in a few days. It is rumored that Mr. Coben intends purchasing a team of

Mrs. Hayne Wilton and her son Frankie of this city will present the popular play "Little Lord Fauntleroy" before a Missoula audience this evening. Mrs. Wil-ton and son will, of course, assume the leading roles and will have the able as-sistance of the best talent obtainable in the Garden city.

The change in the course of Sheep Guich creek has proved to be beneficial. The new ditch works perfectly. Formerly people residing near the creek had to put up with flooded cellars and yards filled with all sorts of rubbish which had been carried and deposited there during rain storms. No more trouble from that source is experienced.

During the absence of the regular fire-men James Johnson will act as chief and J. H. Rooney assistant chief, while J. H. Collins will be on guard at the fire house. Substitute firemen have been appointed to fill the vacancies caused by the company's going to Bozeman, and the interest of the citizens will be carefully guarded.

guarded.

W. S. Hunt has bought a handsome miniature dog cart, the body of which is made of antique oak. The little rig is a beauty. During the past two or three days Mr. Hunt has had his imported Shetland pony hitched to the rig, and the little animal is now being broken in. It has never before been driven with a wagon of any kind. The turn-out is nevel and is the admiration of every child in the town. A car load of Shetland ponies would be in demand in this city about Christmas.

Since a reward of \$50 has been offered by Superintendent of the Cemetery Ehret for the arrest and conviction of any person or persons caught urning cattle into the cemetery, it is noticeable that the offenders have been suddenly taken down by a feeling of remorse for what they have done. They must not forget that the reward stands good.

About All Collected.

Street Commissioner Martin has col-lected nearly all of the money for poll taxes which can be obtained in the city. That accounts for the number of men who work out their taxes on the streets daily. The work is just as good as the money, as it would otherwise be necessary to take money out of the treasury of the city in order to make necessary improvements.

A Little Common Sense.

The present demand for cigars in Anaconda if supplied by home industry would cause the employment of at least 25 cigarmakers. While this is not so great a matter as the employment of many men by the smelters, yet it is worthy of consideration. D. Tietjen. THEY'LL DO THEIR BEST.

conda's Representative Pirom Leave for the Mate Tournament.

Twenty-two members of the fire department left for Boxeman on the 2:30 train yesterday afternoon. At 1:30 o'clock the firemen formed in line at the fire house and marched up Oak street to Third, headed by bass and snare drums. From Third street to Main and thence to the depait was the line of march. A large crowd turned out to see the boys off. The firemen were dressed in their plain, but natty, uniforms, and their marching would do credit to many of the state's crack military companies. The boys made a commendable showing and as they marched four abreast down Main street with tray. Ing bags attacled to their shoulders by means of the regulation leather strap, words of praise could be heard on all sides, and particularly from their many admirers among the ladies. The boys had a determined look upon their countenances and seemed fully to realise that they had a hard task before them. At the depot an immense crowd had congregated to give the company a good send-off. Finally the train pulled out, carrying the members of the department and several of their friends. On reaching Butte they were met by the delegation from that city, and after a pleasant greeting the train started for Boxeman, which place they reached late last night.

The first race on to-day's programme will be the championship hook and ladder race. For this the local team has been specially trained. The team is composed of old local firemen only, although reports have been circulated in Butte that Anaconda had a number of professional sprinters hired for the occasion. This is a mistake, as can easily be proved. The local team will also, in all probability, compete in the hose race although no special training has been done. In the officers' race Foreman Charles Collins will enter, and unless he runs up against Steve Farrell or some other professional sprinters hired for the occasion. This is a mistake, as can easily be proved. The local team will also, in all probability, compete in the hose race, 200 yards, purse \$25 in the and hose race, 200 yards

Philip Phillips' series of unique entertainments, "Around the World in a Chartot of Song," begin to-morrow evening at
the Methodist church. The Liverpool
Mercury says: "Last evening Philips, professionally known as the "Singing Pilgrim," gave the first of a series of
three performances in the Association
hall, Mount Pleasant, to an audience who
filled the large hall, and who evidently
found much delight in the entertainment.
This consists of a descriptive lecture,
illustrated by photographic and painted
views, magnified to aimost natural dimensions by the aid of lime light, the
lecture being at intervals agreeably aried
by descriptive songs. The scenes, illustrating some of the finest views, civic
and rural in the world, are described in
language simple and telling, yet replete
with a good deal of humer."

Miss Harris will institute her dancing class on Friday afternoon and evening Full particulars in to-morrow's paper.

Recently the following Motice appeared in the San Francisco Chronicie.

"Judge S.— had been sick only about two weeks, and it was not until the last three or four days that the malady took a serious turn. At the beginning of his illness he suffered from diabetes and stomach disorder. Later the kidneys refused to perform their functions and he passed quietly away. Thus ended the life of one of the most prominent men in Callfornia." Like thousands of others his untimely death was the result of neglecting early symptoms of kidney disease.

are troubled with diabetes, gravel, or any derangement of the kidneys or urinary organs, don't delay proper treatment until you are forced to give up your daily duties; don't waste your money on worthless lindments and worse plasters, but strike at the seat of the disease at once by using the greatest of all known remedies, the ceicbrated Oregon Kidney Tea. It has saved the lives of thousands. Why should it not cure you? Try it. Furely vegetable and pleasant to take. \$1.00 a package, 6 for \$5.00.
